

ATTENTION!

TEACHERS

Looking for a fun, in-class field trip?

SCOUT LEADERS

Need great merit badge or activity ideas?

LIBRARIES/CAMPS/PARKS/REC

Looking for summer, after school or weekend fun?

MAD SCIENCE WORKSHOPS ARE THE ANSWER!

- Suitable for children in/entering grades K-6
- Meet many national and state, curriculum guidelines
 - Led by dynamic, experienced instructors
- Feature fun, hands-on activities & cool demonstrations
- Reinforce key science concepts and methodologies
 - Age appropriate and last about an hour
 - Cost-effective vs. off-site field trip
- All inclusive – we provide everything needed!

RESOURCE PACKAGE

Many workshops include a Resource Package and take-homes to help leaders and kids maximize the learning experience before and after each Mad Science workshop.

WORLD'S LEADING FUN SCIENCE PROVIDER!

Mad Science's mission is to spark the imagination and curiosity of children everywhere by providing fun, interactive and educational activities that instill a clear understanding of science and how it affects our world.
